

*A lunch box for a little girl*

Here's an idea for a little girl on your list.

*Directions:* Start with a lunch box without decoration. If you can't find one, paint over the one you have with a pleasing color. Cut out pretty pictures from toy catalogs, gardening catalogs, or magazines.- Glue them on the box in an all-over design. When dry, cover with a coat of clear shellac. Wind the lunch box handle tightly with heavy twine.
